READ—

Letter No. 808—93, dated the 30th July 1906, from the Inspector-General of Police in Mysore, forwarding a copy of the Madras Government Rules regarding the maintenance, inspection, etc., of tents, and suggesting that they may be adopted in the Police Department of this State.

No. G. 2564-2602—G. M. 50-06-2, DATED BANGALORE, 26TH OCTOBER 1906.

ORDER THEREON.—Ordered that copies of extract of paras 4 to 8 of the said rules be forwarded to the Heads of Departments and Deputy Commissioners of Districts, with a request that they will report the existing arrangements as regards the maintenance and inspection, etc., of tents, and whether the rules referred to may be adopted in Mysore *mutatis mutandis* and if so, what alterations and improvements they would suggest.

Jr Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

Rules for the maintenance of Government tents supplied to Police officers.

* * * *

4. *How to keep tents when not in use*.—When not in use, tents should generally be kept in a dry place on stands about 18 inches high so as not to be damaged by rats or whiteants. But during the monsoon, when they are not in use, they should also be spread out in the sun to dry not less than once a month.

Instructions for pitching and striking tents.—The following instructions are laid down for pitching and striking tents. Attention to these will make them last much longer than they would do otherwise. The failure on the part of any officer to comply with these instructions should, therefore, be promptly reported to the Inspector-General of Police for orders :—

(I) Tents should on no account be pitched under tamarind trees.

(II) When tents are being pitched or struck and the ground is at all muddy, the tent bags or some straw should always be spread below them to keep them clean.

(III) Great care must be taken in pitching tents that the pegs for the ropes are placed in a straight line with the seams in the fly, so that the strain may be direct and equal and not crosswise. Ropes should not, therefore, be tied to trees unless they happen to be exactly in the true line, which will seldom be. It is the safest plan never to allow them to be tied to trees. If tents bag at the corners, the ropes, which pass up inside the fly round the pole, must be pulled moderately tight, and tied to the corner ropes so as to make the strain come on them and not on the canvas.

(IV) In stormy weather, the corner and storm ropes of tents should invariably be "bushed." If bushes cannot be procured, as in sandy tracts, a hole should be dug and a tent peg be buried at right angles to the direction of the rope at a depth of a couple of feet, the rope tied to it and the hole filled in and the sand firmly rammed done. It will be found that ropes so secured will hold in sandy soil far better than if tied to pegs driven in the ordinary way.

(V) When rain comes on, all tent ropes should be slightly slackened off, so as to allow for the shrinkage of the ropes and canvas when wet. Ropes are otherwise liable to be broken and canvas to be torn, and it often happens that their shrinking pulls the pegs out of the ground, especially in the dry weather when the ground is hard, and the pegs have probably not been driven in deep. If this should happen at night, as it frequently does, the fact that the pegs have drawn is likely to pass unnoticed and the tents will be liable to be blown down if the wind should rise.

(VI) Care should be taken not to strike and pack tents when damp from rain or dew. A march had better be a little delayed than that a tent be spoilt from mildew, which is the certain consequence of packing tents when damp.

5. *Allowance for repair of tents.*—No allowance will be made for the repair of tents for twelve months after their original issue, save under special circumstances to be reported for orders. In subsequent years, the Deputy Inspectors-General of Police may authorise annual expenditure for petty repairs not exceeding an average for their ranges of Rs. 20 per set of tents for the first three years, Rs. 25 for the next two years and Rs. 30 per annum for any further period. If larger sums are required for the repair of tents, an estimate must be submitted to the Inspector-General of Police for orders with a full explanation of the necessity.

These allotments are made merely to meet fair wear and tear. Damage due to negligence must be paid for by the officers causing it. It should be understood that Government has no intention of supplying lascars for the care and pitching of tents. Officers must make their own arrangements in this respect as they have done in the past with respect to their own tents.

6. *Report on the condition of tents by officers.*—Officers assuming charge of offices to which tents have been allotted will report on the condition of the tents taken over by them in Form No. 157, Volume II. The report should be submitted in duplicate through the proper channel to the Deputy Inspector-General of Police, who will forward one copy to the Inspector-General of Police with his remarks, if any, and retain the other for record in his office. Before forwarding these reports to the Inspector-General of Police, the Deputy Inspector-General of Police, through whose hands they pass, should give the necessary orders as to repairs which can be executed locally.

The attention of all officers is drawn to the necessity of very careful examination, when handing over or taking charge of Government tents. Tents should always be pitched on such occasions and closely examined.

7. *Inspection of tents.* Superintendents of Police are requested to make a practice of inspecting their Assistants' tents and Deputy Inspectors-General, the Superintendents' tents, which should be pitched for the purpose, at frequent intervals. They should notice the condition of tents in their reports on their inspection and submit an annual return of inspections on the 1st of April in each year in Form No. 158, Volume II. These yearly reports on inspection of tents should be forwarded to the Inspector-General of Police with a copy of their remarks in special cases. The responsibility of officers for proper upkeep of tents in their charge is personal and should invariably be enforced.

8. *Tents when and where to be repaired.*—Repairs found to be required should be completed as early as possible, so that all tents may be in perfect order. For repairs required in excess of the scale sanctioned in paragraph (5) above, they should, as a rule, be sent to the Vellore Jail whenever that can be done without inconvenience. The Inspector-General of Prisons has directed the Superintendent of Central Jail, Vellore, to receive all tents that may be sent to him for repairs and to use his utmost endeavour to do the work satisfactorily.

Government of His Highness the Maharaja of Mysore

General and Revenue Secretariat.

Dated Bangalore, August 1908.

No. G 919-42/Gm 64-08-1

C i r c u l a r.

It having come to the notice of Government that some of the Officers have with them more tents than they are entitled to under the rules and that in a few cases, the officers not entitled to any tents have been supplied with them, it is found necessary to regulate the supply of tents based on the principles laid down in Article 565 of the Mysore Service Regulations and to arrange for their repairs as also for the disposal of unserviceable tents in the General and Revenue Secretariat Stores. The Heads of Departments and the Deputy Commissioners of Districts are therefore requested to be so good as to furnish this Secretariat with a statement shewing the particulars as noted in the annexed form regarding the tents in their possession and also in the possession of Officers subordinate to them on the 1st of August 1908.

By Order,

For Secretary to Govt.

To

The Heads of Departments and the Deputy Commissioners of Districts.
